

Construction Materials Testing (CMT) Field Technician

Who we are:

NTS Environmental Science and Engineering is a leading provider of comprehensive environmental services, offering consulting, engineering, engineering support, and data management solutions to a diverse clientele in northern Minnesota's Iron Range region. Our company has an employee-driven culture that promotes professional development and growth. We prioritize integrity, safety, client-focus, and excellence in all aspects of our work. We provide competitive pay based on experience level, a comprehensive benefits package, flexibility, and opportunity for advancement.

Position Description:

NTS is seeking a Construction Materials Testing (CMT) Field Technician to join our team. Primary responsibilities include, but are not limited to:

- Collect samples from various construction and mining sites.
- Perform detailed record keeping of site and sample information.
- Perform a wide range of field inspections and materials testing services on active construction sites, including soil density testing with a nuclear gauge, concrete sampling and testing, rebar and reinforcement inspections, and general construction observations.
- Enter and manage field data and reports in NTS project management and reporting systems.
- Follow all NTS safety rules and regulations and represent NTS professionally on client sites.

Qualifications:

- High school diploma or equivalent. Relevant experience preferred; motivated self-starters with a willingness to learn are encouraged to apply.
- Demonstrated commitment to personal and worksite safety, with strong attention to detail.
- Valid driver's license with clean driving record.
- Ability to work outdoors in a variety of conditions and lift 50 pounds regularly throughout the day for extended periods.
- Flexible availability to accommodate variable daily schedules, including occasional extended hours.
- Willingness to pursue additional certifications and training as required.
- Ability to use basic computer software, including Word and Excel, to complete reports.

Compensation & Schedule:

Position Type: Full-time, seasonal or permanent. Note: Permanent positions may be subject to a winter layoff period depending on project workload.

Compensation: Starting at \$26 per hour, based on experience and education. Comprehensive benefits package including health insurance, retirement plan, paid time off, and professional development.
